**SPECIFICATIONS – Light and Sound Rain System**

**Construction**
- 6061 Billet Aluminum

**Controllability**
- Signature Series or ThermaTouch

**Function Lights**
- 18 High Power LED lights

**Rainhead Water Supply**
- 3/8”, 40-80 PSI, 2.0GPM

---

**Lighting**
- 18 special high intensity LED Lights (R,G,B)
- Full color spectrum - All on = white light
- Color Changing “Mood Lighting”
- Preset Chroma Therapy Chakras
- Custom user programmable “any color”
- TempTouch, ThermaTouch and Signature Series Controllable

**Audio**
- Multi-Channel Hi-Power Mosfet Amplifier
- Compatible with Solitude WiFi Module 2.0
- Built-in Subwoofer
- High-frequency Tweeters
- Voice Response Feedback
- 2 separate RCA audio inputs

---

**Installation Notes:**
Overall size is 10.0” SQ or Dia (if round) X 7.5” Tall X 5.5” Wide, and requires approx. 7.0” X 5.75” cutout in the shower ceiling. The unit is self-contained as one piece and extends into the ceiling space 7.0” plus plumbing connection clearance. Use a 3/8” compression fitting and a flexible potable waterline to connect to the Rainhead. Use only potable water and approved plumbing fittings for any shower connection. Refer to ThermaSol Installation Instructions document #81189 for a full sized template and detailed installation and operation instructions.

**Shipping Information:**
- Weight: 13 lbs.
- Length: 15 in.
- Width: 15 in.
- Height: 14 in.

**Product Specification:**
A self-contained, Light and Sound Rainhead module that creates high-intensity chromatherapy lights and sounds. Rainhead is rated at 2.0 GPM Max. at 80 PSI and requires a separate diverter port with shut off valve. Powered by: provided 24V DC, 30 Watts Max power supply.

**Finish Chart:**
Select desired finish and replace XX with code. No Touch Aromatherapy steamhead and Control Finishes.

**SPECIFICATIONS – ThermaTouch Control**

- Construction: ABS Injection molded plastic
- Controllability: Steam, Light & Sound Audio Out
- Power Supply: ThermaSol PDM (10-8147)
- Display: 7” Wide LCD Touch Screen

**SPECIFICATIONS – Aromatherapy Steam Head**

- Construction: 360 Half Hard Brass
- Aromatherapy: Integral Reservoir
- Operation: Thermal operated retractable outlet

### Features:
- Activate last showers settings
- Turn Steam/Light/Music Systems: On or Off
- Control lighting
- Set Time and Temperature Volume settings
- Tranquility Environment: Built-in Sound and Video
- Bluetooth enabled
- Stereo Audio output

### Installation Notes:
- Refer to ThermaSol installation Instructions Doc No. 81190 for complete instructions.
- Requires wall cutout opening of 7-3/8” Wide X 5-3/8” High X 3-1/2” Deep.
- Use Mud Ring for Tile installation and ThermaTouch Control placement (04-8544).
- Ensure 3-1/2” clearance behind the rear of the control for cable clearance.
- The steam head should be installed 12” inches from the floor and 6” from any wall. Locate as far as possible from the bathing seating area or location of the users and not below any fixtures.

### Product Specification:

The ThermaTouch Control is a 7” LCD Touchscreen Control used to operate other ThermaSol modules such as Steam Room functions, Light, Sound and Tranquility Visualization, Stereo Audio output and Ethernet connection. The control is approx. 8-1/8” Wide X 6 ~ 1/8” High X 2 ~ 1/2” Deep. It requires a wall cutout 7-3/8” Wide X 5-3/8” High and must have a clear in wall depth of 3-1/2”.

### Shipping Information:
- Weight: 1.8 lbs.
- Length: 11 in.
- Width: 14 in.
- Height: 8 in.

### Styling Information:
- The ThermaTouch Control is available in a sleek recessed style with a black face and finished edge. The Steam Head is available in four trim styles: Traditional; Contemporary; Modern and Regency

### Finish Chart:
Select desired finish and replace XX with code. No-Touch Aromatherapy steam head and control finishes.

**SPECIFICATIONS – POWER DISTRIBUTION MODULE**

Construction…………………………………. ABS Plastic
Power Supply ………………. UL Listed Class 2 & II, (03-7142)
Internal Operating Voltage………………….24V DC, 60 Watt

---

**Basic Functions:**

- Distributes DC Power and Digital signals to system modules:
- Serenity Light, Sound and Rainhead
- ThermaTouch or Signature Series Controls
- Solitude Wireless Module - SWM-2 (signal only)
- Steam Generator (signal only)

---

**Installation Notes:**

Overall size is approximately 5-3/4” long by 3-3/4” wide and 1-1/2” high. (Without connections) Allow space; 3" Min. for connections. Unit consists of a low voltage (24VDC) circuit board inside a box that can be placed up to 25 feet from the Light and Sound fixture or up to 50 feet from the Steam Generator. A separate universal voltage Power Adapter is provided (03-7142), it requires a standard 110V AC two prong wall outlet.

---

**Product Specification:**

5-3/4”L x 3-3/4”W x 1-1/2”H Body.
This PDM requires a ThermaSol Steam Generator and/or Light and Sound System and separate power supply for proper operation.

---
